Subject: Falkirk Council's Review of Polling Districts and Polling Places - Returning Officer's Submission (stage 2 consultation)
Attachments: Notice for libraries and Municipal Buildings (Stage 2 - 080219).doc; RO's submission with proposed polling places.docx

Further to previous communication (email – 15 November 2018), please find enclosed the Notice and Returning Officer's Submission which form Stage 2 of the above Review and contain the Returning Officer's proposals for change where considered appropriate. These documents have been published on the Falkirk Council website: [Review of Polling Districts and Polling Places 2018/20](#) alongside maps and other relevant information and are being displayed at all libraries, inviting comments by the deadline of **Friday 15 March**.

As previously advised, it is essential that all electors have suitable facilities for voting purposes and that, as far as is practicable and reasonable, polling places are accessible to all electors, including those with a disability. Given your involvement in working with people with disabilities, I would invite you to submit any comments you have on the Returning Officer's proposals, particularly in the context of accessibility. The current list of polling places and the polling scheme are available on the Council website, as above noted.

The report concluding the process will be submitted to the meeting of Falkirk Council on 8 May 2019, with the outcome published on the Council website thereafter.

I look forward to hearing from you and would be happy to provide further information or clarification if required.

Many thanks.
